Absolutely not!
But he's so shy, it'd be a lot easier for all of us if I just asked him.
I don't care, I won't let you marry Jan unless he comes to me and asks for himself.

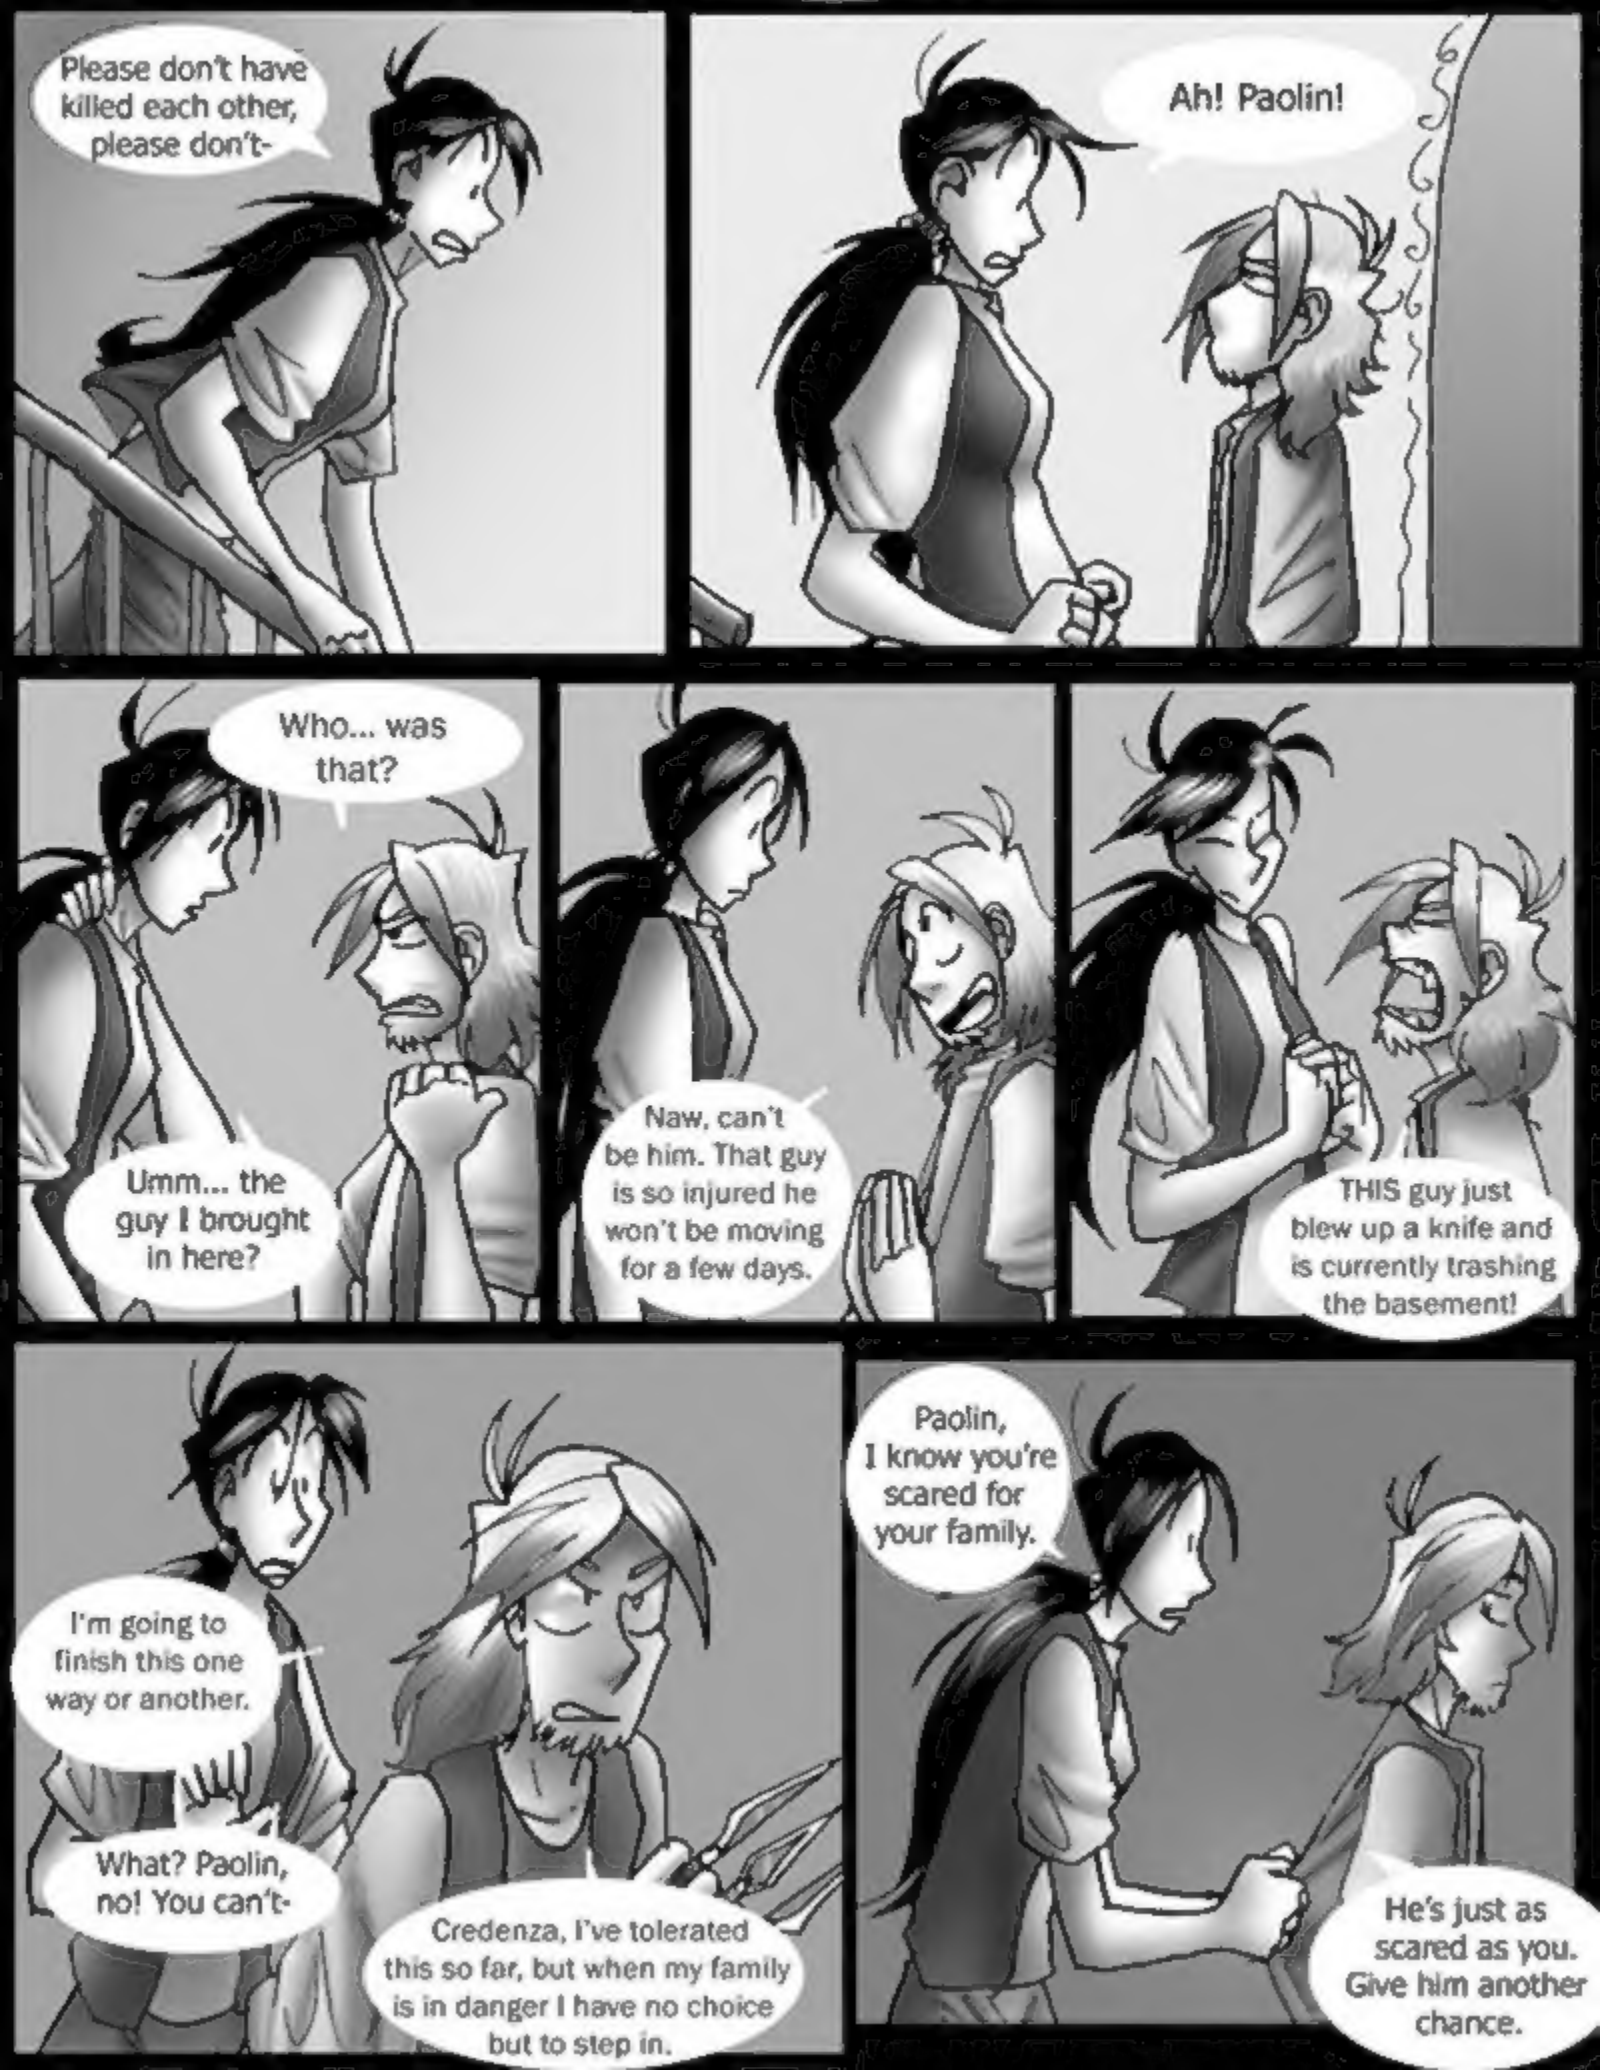
Vanesse! What happened?!
I don't know! That man ran by and Paolin chased him toward the kitchen!
Stop hiding behind my brother!
No! You're gonna eat me!
I-spu-I'm not going to eat you!
But your teeth are so big, you could eat me in one bite!
Listen, just who are you? Can you at least tell me your name?
.....
Hey, get back here!
SWISH!
KR-ZAAP!



Please don't have killed each other, please don't-
Ah! Paolin!
Who... was that?
Umm... the guy I brought in here?
Naw, can't be him. That guy is so injured he won't be moving for a few days.
THIS guy just blew up a knife and is currently trashing the basement!
I'm going to finish this one way or another.
What? Paolin, no! You can't-
Credenza, I've tolerated this so far, but when my family is in danger I have no choice but to step in.
Paolin, I know you're scared for your family.
He's just as scared as you. Give him another chance.

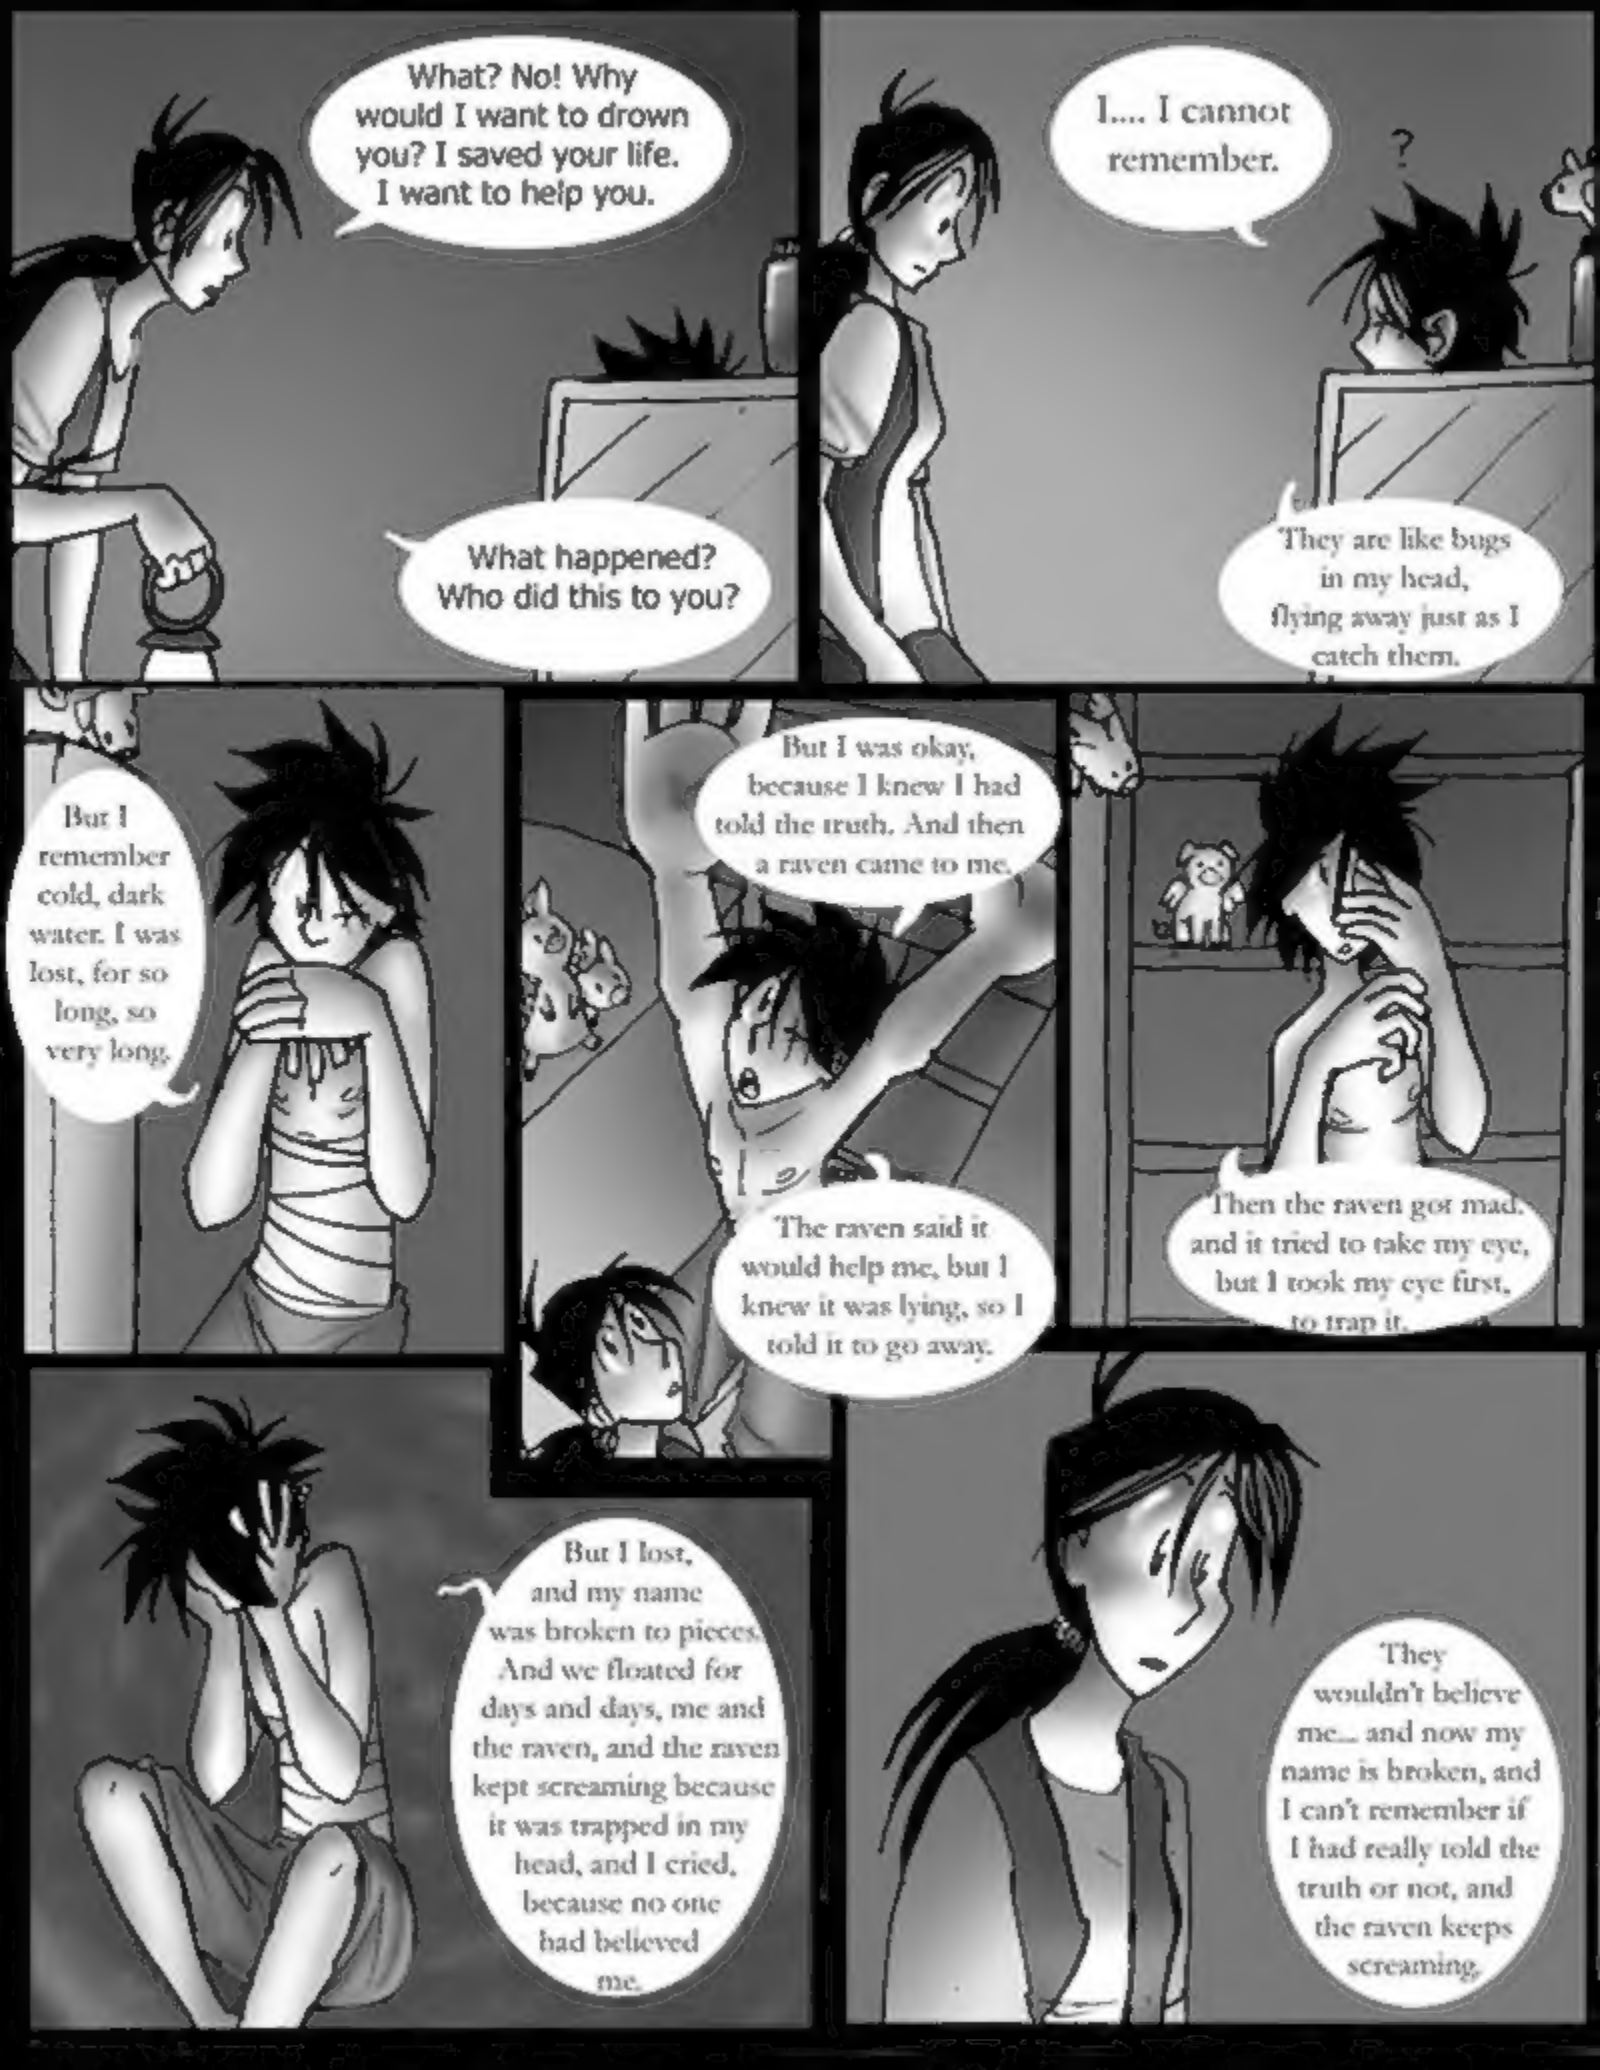
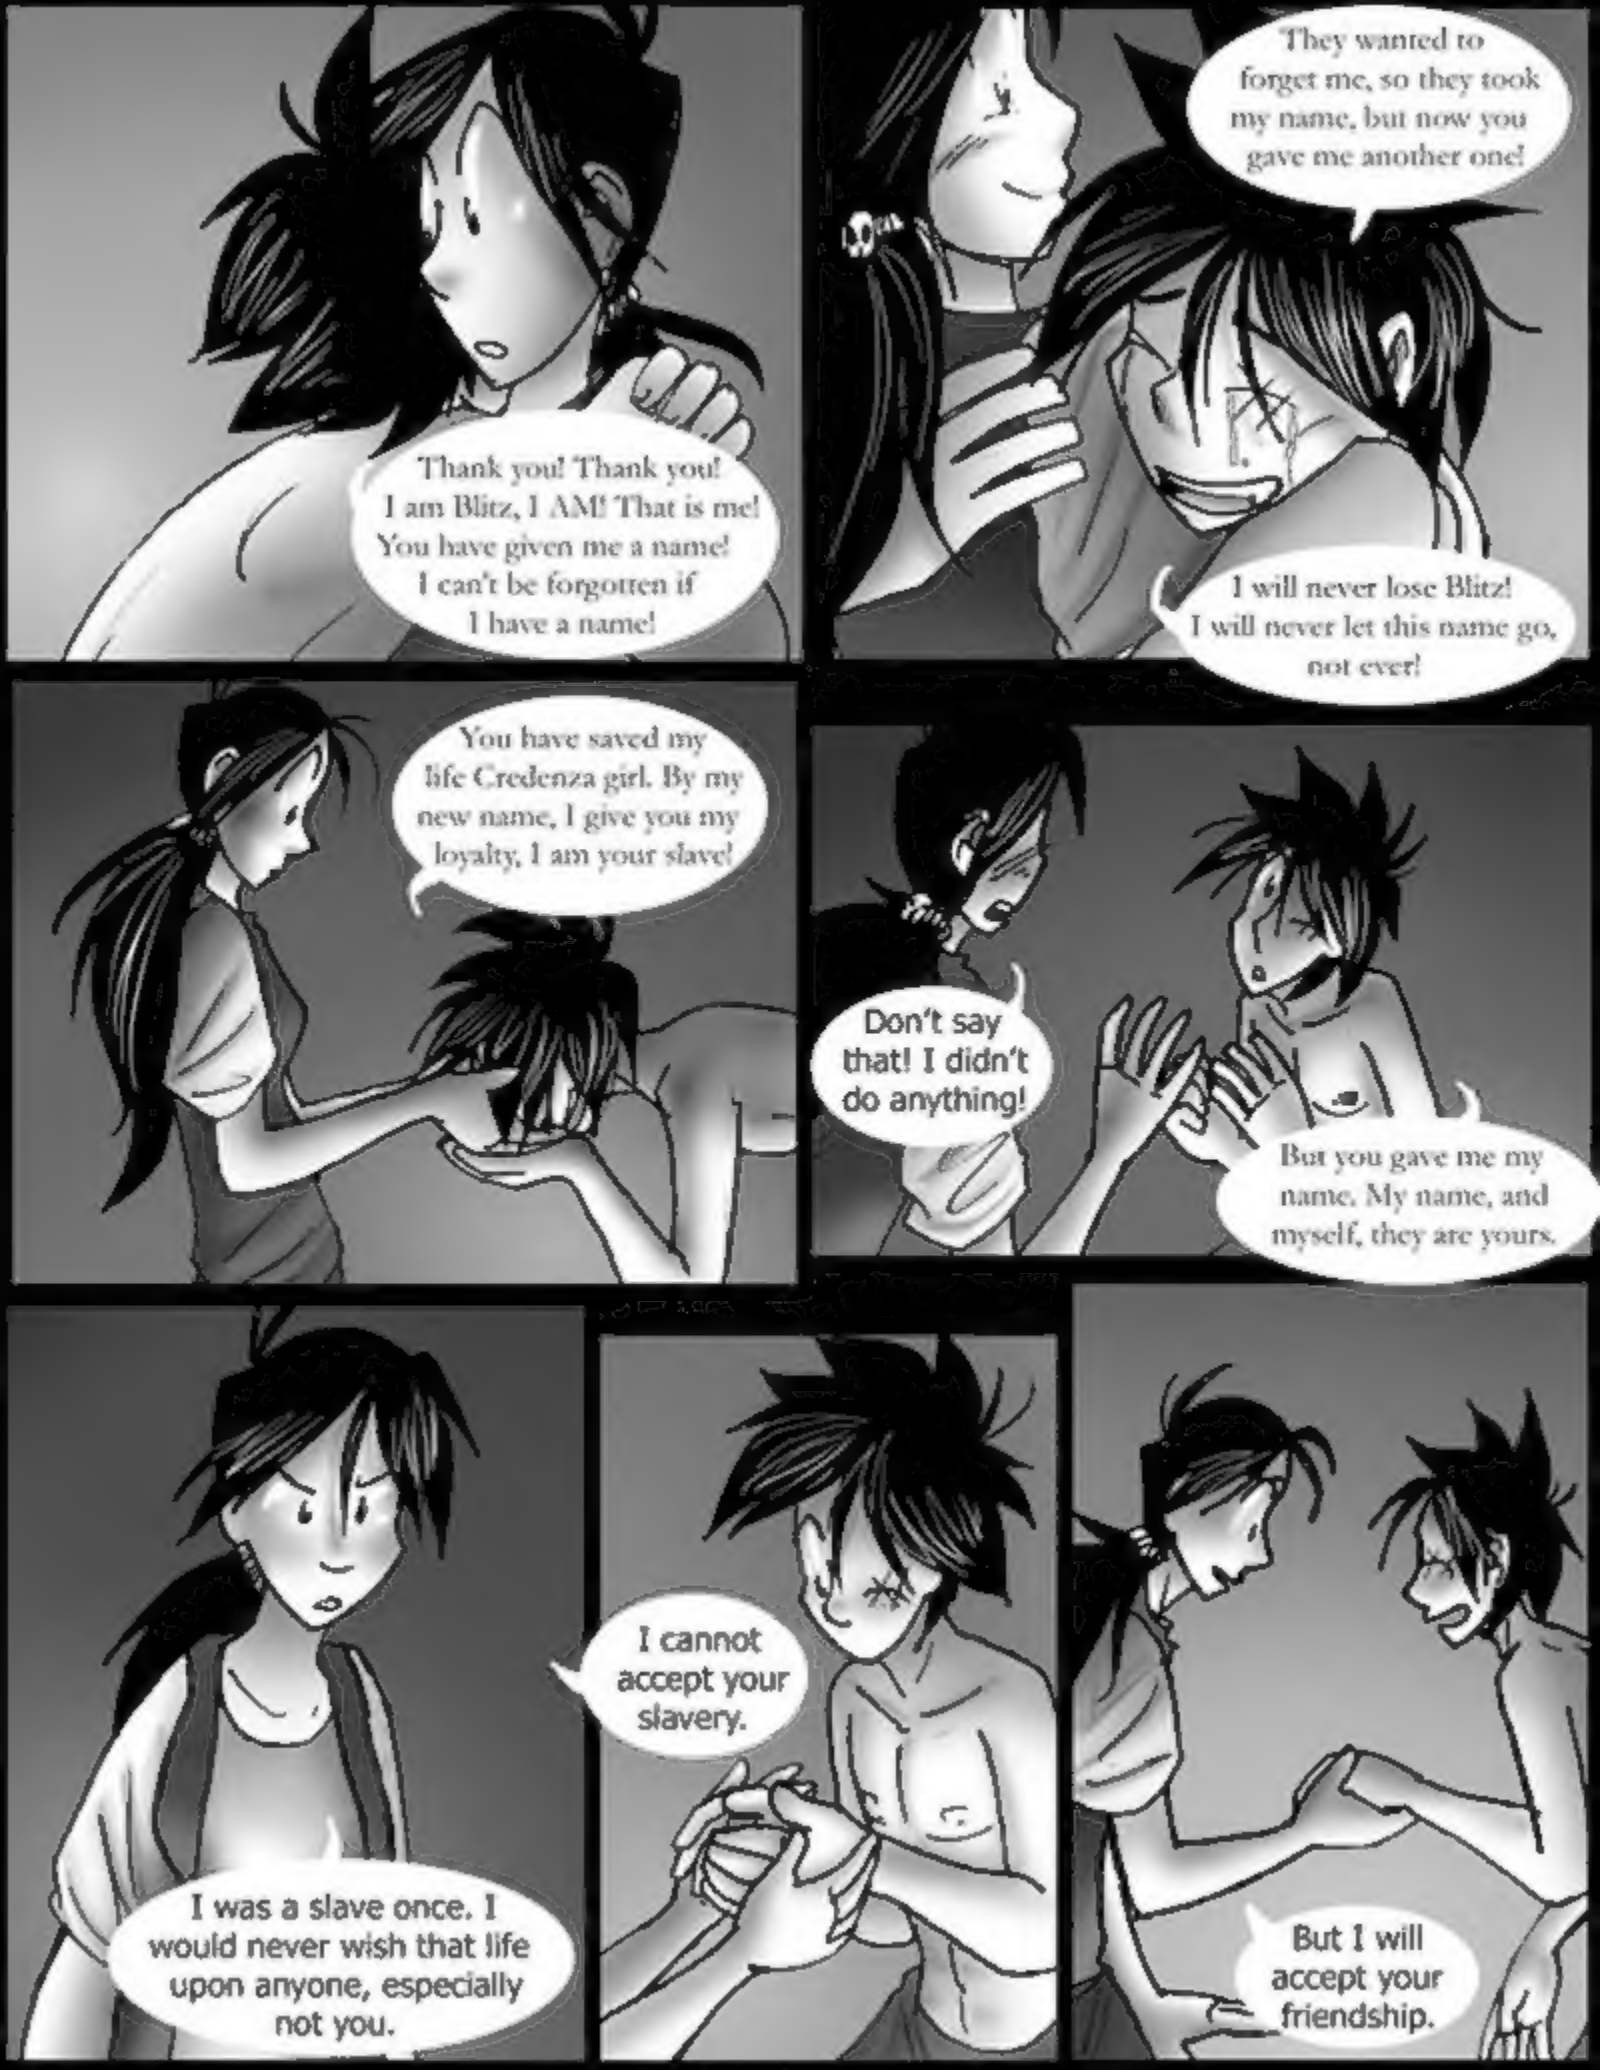
Hello? Anyone down here?
KLINK rattle CRASH!
Hey there, it's me, Credenza. Remember me? From the beach? I won't hurt you.
You are lying! You are going to drown me!
You don't believe me. You will throw me in the water, like they did.



What? No! Why would I want to drown you? I saved your life. I want to help you.
What happened? Who did this to you?
I.... I cannot remember.
?
They are like bugs in my head, flying away just as I catch them.
But I remember cold, dark water. I was lost, for so long, so very long.
But I was okay, because I knew I had told the truth. And then a raven came to me.
The raven said it would help me, but I knew it was lying, so I told it to go away.
Then the raven got mad, and it tried to take my eye, but I took my eye first, to trap it.
But I lost, and my name was broken to pieces. And we floated for days and days, me and the raven, and the raven kept screaming because it was trapped in my head, and I cried, because no one had believed me.
They wouldn't believe me... and now my name is broken, and I can't remember if I had really told the truth or not, and the raven keeps screaming.

And now you are going to throw me back into the water, because you don't believe the truth I don't remember.
I believe you. Whatever it is.
Hmm?
You seem like an honest person, if a little crazy. I'll trust you.
But... but you do not know my truth! How can you believe what you do not know?
Because that's what belief is. I'll stand by you... um...
Y'know, I can't call you "Guy," forever. What about Blitz? I think it suits you.
You... you're giving me a name? I am... Blitz?
You can change it if you don't like it. After all, it's just a na-
THANK YOU!



Thank you! Thank you! I am Blitz, I AM! That is me! You have given me a name! I can't be forgotten if I have a name!
They wanted to forget me, so they took my name, but now you gave me another one!
I will never lose Blitz! I will never let this name go, not ever!
You have saved my life Credenza girl. By my new name, I give you my loyalty, I am your slave!
Don't say that! I didn't do anything!
But you gave me my name. My name, and myself, they are yours.
I was a slave once. I would never wish that life upon anyone, especially not you.
I cannot accept your slavery.
But I will accept your friendship.

WARNING: WICKED PIGS
Grrr, what's taking her so long? I'm going down there.
Have faith Paolin, Credenza knows what she's doing.
That girl's been trouble since the day she arrived.
No Korus, a cookie won't make me feel better.
That's funny, they always cheer ME up.
Blitz, this is everyone. They're my adopted family.
Everyone, this is Blitz. Our newest family member.
Go on, don't be shy. They're good people.
I'm sorry Credenza. I still don't feel-... eh? Korus?
.....
Well... shucks, I can't argue with that.

It was really nice of Vanesse to make that eye-patch for you.
So, this will be your bed for now.
It's not much, but it's clean. With a little effort you can actually make it really cozy.

No! Please don't go, Credenza!
I'm scared the raven will come back.
He whispers things in my head and keeps me awake.
Okay, don't worry. I'll stay with you all night, if it will help you sleep.
Thank you Credenza. Raven would never mess with you.

Pitiful female, trying to care for me like a wounded bird.

You have a meddlesome aura about you. It would be better to kill you now, while you sleep.
You did help me, so I should make this painless... a quick slash across the neck. That's all. So easy.

A quick cut, that's all. Nothing to it.
I've done it before... even a child could do it. Just a flick of the wrist. Just... just a...
